Comments

A.) The restriction of a total of 20 ppm is much too low to allow the growers to apply PK in the fall.

B.) I feel we in the Ag community need to be careful not to take all the blame for current conditions. Also, I’m concerned about liability of growers with neighbors that have a well above 10 mill per liter and blame the grower or worse yet take them to court.

(Continue on back if needed)

July 2017
How long till the non-farming neighbors are taking the farmers next door to court over their well, has been continued by them.
