

4R Soil Stewardship and Nutrient Management Field Day

Tuesday, August 12, 2025

Brandon Fast Farm
93898 570th Avenue, Mountain Lake
Lunch Included

Farmers, agronomists, anyone interested in nutrient management and innovative conservation are invited to the 9th Annual 4R Field Day at the Brandon Fast Farm near Mountain Lake.

This field day is hosted by the Minnesota Agricultural Water Resource Center in partnership the Mosaic Company, Environmental Tillage Systems, and The Fertilizer Institute, this free event will provide attendees:

- Information on 4R practices
- Machinery on Display

Farming practices continue to evolve for the better rapidly. This field day will highlight innovative farmers and their approach to improving nutrient efficiency, and improve soil health.
