

Dear **County Name** corn grower,

Together, we grow!

With more than 6,500 members, the Minnesota Corn Growers Association (MCGA) is one of the largest grassroots organizations in the country. Working in close partnership with the Minnesota Corn Research & Promotion Council (MCR&PC), MCGA identifies and promotes opportunities for Minnesota's 24,000 corn farmers, while connecting with the non-farming public. MCGA is building a more sustainable future for the state's corn growers by making a difference in your community, at the State Capital and in Washington, D.C. But like all grassroots organizations, MCGA gathers its strength from its members.
